

MARLABS *innovation*
Customer Success = (excelling employees)

maximize your personal growth

with Marlabs, where excelling employees drive customer success

Marlabs is an award-winning global provider of IT services and BPO services with dedicated industry practices in the banking and financial services, healthcare, media, and legal sectors. Leading Managed Care Organizations use our MCO Central™ product to process Workers' Compensation claims. With over 1400 employees today, Marlabs is rapidly emerging as a major IT/BPO player. Over 95% of our new engagements are obtained through client and employee referrals – a testimony to the value we provide.

Working with Marlabs gives you the opportunity to deliver exciting projects - based on an offshore/onsite model. While we offer industry standard compensation and benefits, the value of a career with Marlabs goes beyond financial rewards. The congruence of your professional objectives with your financial goals lays the foundation for outstanding results.

enjoy your work

People come first at Marlabs. By leveraging our collaborative tools, our nurturing environment will constantly motivate you to excel and execute with passion. We look at what your talents are, and try to map your assignments to your core strengths. So that you always do the kind of work you enjoy. Maximizing your innate potential brings out the best in you.

“Marlabs looks at what you are really good at – what is it that makes you want to come back to work every day. By matching my capabilities with company needs, I was able to perform at a level that surprised myself.”

Our Awards

enrich yourself

At Marlabs, education is a continuing journey. Initiation is through a one-month intensive training program where you undergo classroom sessions as well as real life exercises. Working with our best engineers, you can take advantage of our mentoring and self-development programs. Ongoing skills enhancement courses ensure that you always stay ahead of the curve and have a rewarding and satisfying career.

share insight

You can expect to have a diverse mix of talented colleagues from some of the best colleges in the US and overseas. Our people possess a blend of education and experience that enriches the workplace, and establishes a level of thought leadership that differentiates us from the rest. Unique perspectives and insight based on individual experiences make for an energetic and stimulating environment that fosters innovation - and presents tremendous prospects for professional progress. Furthermore, a friendly and inclusive corporate culture makes it easier for you to blend in and contribute results.

MULTIPLY YOUR EFFORTS

Collaboration is of course crucial to our success. By maximizing strengths and overcoming weaknesses, teams produce breakthrough results. You will find that your colleagues are friendly, helpful, and easy to get along with. Teaming comes naturally. Being part of the winning Marlabs team will enable you to multiply your efforts – many times - and achieve greater success for yourself and for the company.

"I have had the professional experience that exceeded my expectations. With the emphasis on training, I have been able to constantly build my skills. Working with Marlabs has been very fulfilling and satisfying."

nothing SUCCEEDS like SUCCESS

Marlabs has grown by over 100% year-on-year over the last 5 years. Our performance has not gone unnoticed. Accolades include inclusion in Deloitte's New Jersey Technology Fast 50 Program, for the sixth consecutive year, and the Inc. 500 Hall of Fame - as the sole inductee. Rapid growth creates constant opportunities for you to move forward in your career with new assignments.

drive results

Once you come on board, you will engage with our customers on their mission critical initiatives. We deeply value creativity and innovation. If you have a thought that you believe may add value to the project and the customer, we will listen to you. And your idea may well get implemented, as many other such ideas have been; even if the change goes beyond the project specification. You play a key role in the success of our customers by delivering significant assignments that directly contribute to our clients' business.
