Marlabs' Healthcare Practice Expands; Company Names Healthcare Expert to Lead Growth

- Dedicated Practice Focuses on Unique Requirements of Healthcare and Pharmaceutical Companies -

EDISON, N.J., Sept. 22 /PRNewswire/ -- Marlabs, a global full-service provider of application development, managed and consulting services, today announced that A. Srivathsan has been appointed as Director, Healthcare Practice. With the Company since 2003, Srivathsan has more than 20 years of healthcare industry experience, including strong relationships in the provider and pharmaceutical and life sciences communities.

Marlabs' Healthcare Practice has already grown to more than 25 senior software engineers and consultants possessing decades of industry experience. Additionally, Marlabs has dedicated sales, product management and account teams focused on healthcare project development and management.

A. Srivathsan, Director, Marlabs' Healthcare Practice, said, "Marlabs has recently implemented several major projects for pharmaceutical and healthcare companies, in the areas of Clinical Development, Data Integration, Transaction Processing, and Compliance. We're also very experienced in developing custom decision support solutions - such as those using predictive tools for clinical data management - to ensure our clients have accurate data and related models to make better business decisions."

He continued, "As more of our clients request assistance leveraging disparate systems across the enterprise, we anticipate our healthcare-specific data management solutions and related R&D efforts will further escalate in importance."

Prior to joining Marlabs, Srivathsan was an executive in the hospital industry. He holds advanced degrees from the Indian Institute of Management in Ahmedabad and the Indian Institute of Technology in Madras.
